ELGIN, MN - Knowledge is power, but like a game of telephone, the message growers seek to share with consumers can be lost before it makes it to the table. Honeybear® Brands is looking to make sure what it knows rings true with a new partnership with the National Honey Board and retailers like Cub Foods: Pollinators are too important to lose. “We are pleased to partner with Midwest retailer ...

Honeybear Brands® Partners With the National Honey Board ...

When its "honey stomach" — which holds only one-eyedropper's worth of nectar — is full, the bee deposits the nectar into hive cells. Group children into "colonies" for this activity. For each colony, place an eyedropper and cup of water at one end of the room and a plastic medicine cup (marked with teaspoon and tablespoon increments) across ...
