An Introduction to Mechanics: Kleppner, Kolenkow ...

Kathryn Moler - Stanford University. 'An Introduction to Mechanics by Kleppner and Kolenkow is a great book. It is original and beautifully written and is really the only choice for a serious introduction to mechanics for well prepared physics majors. I very much enjoy the book every time I teach freshman mechanics.'

An Introduction to Mechanics by Daniel Kleppner

AN INTRODUCTION TO MECHANICS

PHYS101: Introduction to Mechanics is the first course in the Introduction to Physics sequence. In general, the quest of physics is to develop descriptions of the natural world that correspond closely to actual observations. Given this definition, the story behind everything in the universe, from rocks falling to stars shining, is one of physics.
