5 Best MIG Welders - Sept. 2020 - BestReviews

I purchased an old Lincon SP 200 at a high school auction for about \$400 ,it's big and red. I took it to the local weld supply for a "tune up", new liner and a mod. to run smaller spools. The weld supply guy seemed to like it and told me if I wanted to sell it he would double my money. It has a Tweco #4 gun and a big heavy cable I was told

The Basics of Welding with the Lincoln Electric Handy Mig ...

I ran across this Lincoln IdealArc SP-200 wire-feed welder, for a fairly decent price and decided to give it a look. It worked, and was fairly complete, though it also clearly had many hours on it and it had a sticky feed issue. The price, however, was good enough, and the power supply could also feed my CK Systematics spoolgun, so I bought it.

Lincoln Industrial MIG Welders for sale | In Stock | eBay

MIG (metal inert gas) welding, also known as wire feed welding, MAG (metal active gas) welding, or GMAW (gas metal arc welding), creates clean welds and can be used on thick or thin plate metals. It is ideal for high-production environments and is commonly used in manufacturing, automotive, railroad, metalworking, and farm applications.
