### "RPI Engineering - Specialised Rover Engines"

The Rover V8 engine put an end to the P7 programme. However, the six-cylinder version of the overhead camshaft four-cylinder 2000 was a long engine, and this meant that a longer base unit would be required to house it, which seemed hardly worthwhile for the small number of sixes that were to be produced.

### Rover V8 Engine Tuning -Lloyd Specialist Developments Ltd

Almost all used Rover V8 engines that have covered in excess of 70,000 miles will be suffering, or beginning to suffer, from worn camshaft, lifters and a stretched timing chain. This is normal with the V8 because these engines are amongst the most forgiving. The result is a gradual ...

### RPI Engineering - V8 Engines

The Rover V8 is still one of my all-time favourite engines. It may not be the most powerful V8, but its simplicity and light weight have made it the star of a great many vehicles over the decades.
