Crocomire (Norfair): His weak point is his mouth once again.

Every time you hit him he moves back. You need to move him back on to the blocks that break away and he'll fall into the lava.

Charge beam is preferable because it pushes him back faster and never runs out.

Super Metroid is a combo platformer/third-person shooter. It's the third installment of the Metroid series, after Metroid (NES) and Metroid II (GB).

Arguably the best 2D installment in the Metroid series, Super Metroid definitely holds its own as one of the SNES's classics. Story. Note that this contains spoilers; read at your own risk!

I'm stuck in Norfair and I can't seem to find a way back to Brinstar or anywhere else. The items I have are Charge, ice and Spazer beams, Varia Suit, Morphing Ball, Bombs (but not the super bombs to open orange doors), high jump and speed boost.
