Kidding aside, when I first heard of Examine.com's efforts of documenting and reading research on supplements, I cringed - the mere thought of sifting through thousands of documents and articles in order to decipher the "truth" about supplements is difficult to do, let alone imagining the amount of hours spent at night on PubMed made me want to crawl into a fetal position and cry.

Fitness Tech Day #3 - Examine.com's Supplement-Goals ...

Telling you how to take the supplements that work on a goal (and those with varying degrees of efficacy) and how to put them together in a 'stack'. The 'stack' things we used to have in the title bar were just link dumps, this thing is actually informative and as close as we (Examine.com) can get to a position statement and a directive.
