The Super Rich The Unjust

In The Super-Rich , Stephen Haseler describes the dangerous growing tensions caused throughout the West by the triumphant new global capitalism. In a book for students of politics, economics and sociology, and the general reader, he outlines how a new global super-rich caste has emerged during a period in which the traditional 'middle-class' is facing serious insecurity and income loss.

The super-rich : the unjust new world of global capitalism

...
'Super-Rich Capitalism,' a term I hope will capture the flavour of what I believe to be its deadly serious social consequences, particularly the emergence of sharp inequalities within the domestic societies of the West. When some estimates calculate that the world's three richest people possess 'assets worth more than the combined gross ...

However, following the publication of his book The Super-Rich (Macmillan 2001), he wrote and lectured on the Global Financial Crisis and Global Politics and rising economic inequality. Haseler was also an authority on the British monarchy and as an advocate of radical constitutional change, including a written constitution and a republican form of government.
