Thinking In Time An Introduction

"Thinking in Time is not only a 'reader's guide' or introduction to Bergson's first major books; it also puts the general philosophy of Bergson in a double historical perspective—the historical context of its writing (then) and the present context of its rediscovery (now). Suzanne Guerlac displays two very different sets of qualities: a minute attention to the texts and a broader capacity to set the frames of a general history of ideas between the turn of the century and the most ...
